Verse 1:

Why the fuck did you betray me
You screwing up your fucking life
I bring you to your fucking kness
You'll beg for mercy

Chorus:

I won't forget one fucking second when I break your
fucking face
Real friends would care
Real friends would be here
You're not longer one of them

Verse 2:

You destroyed so many lives
With your fake smile and things you don't even mean
The pain you cause
The ones you hurt
I hope they stab you and spit on your corpse

Chorus:

I won't forget one fucking second when I break your
fucking face
Real friends would care
Real friends would be here
You're not longer one of them

[Solo]

Verse 3:

If you ever felt sorrow
From real feelings you borrow
Think about it to apoligize
To every fucking person
You ruined their lives

Chorus:

I won't forget one fucking second when I break your
fucking face
Real friends would care
Real friends would be here
You're not longer one of them
