Vamos a cantar, Chicas, Ahora tenemos una fiesta grande

Here we go again motherfucker...
Hey! I need more vodka! More vodka for ladies!
Garcon!

What the fuck are you living for?
What the fuck are you living for???

One, two, three, GO!

The second is pure and the minute perverse,
Isn't it high time to utter a curse?
Better than nothing, yet growing worse,
Each flaw is malicious and full of remorse.
Staples are fake, but the wounds are real.
Isn't it high time to cut the deal?
It's better than nothing. What else can you do?
Each motherfucker is a human and you're a human too.

(Shame!) Provokes stagnation.
(Pain!) means emanation.
Everyone comes here to consume and live,
But nobody wants to go when it's high time to leave.

Heartless fuck the eyeless,
The deaf don't hear,
They just make believe...
Soulless rule the dumb and the vacant.
Facelesses run the emptiness,
The numb don't feel, they are the liars.
This is the world that we'll never save,
An endless way to a grave.

You're so perfect, yet incomplete,
What makes you struggle that makes you bleed.
You're the whole save everything outside,
It makes you full coloured between black and white.
You're flesh and bones, you're lust and fear,
It will always remain until you disappear.
You're better than nothing. The fact is sad, but true:

Each motherfucker is a human and you're a human too.

(Shame!) Provokes stagnation.

(Pain!) means emanation.

Everyone comes here to consume and live,

But nobody wants to go when it's high time to leave.

The day is here, but the years are gone:

Each month with yourself is a century alone.

Your antics are common, your age is real.

Isn't it high time to cut the deal?

Sooner or later you'll understand -

Life is a gift, but on the other hand

It doesn't worth living if it runs ahead,

It's a curse when it kills and

you know you are dead.

Heartless fuck the eyeless,

The deaf don't hear,

They just make believe...

Soulless rule the dumb and the vacant.

Facelesses run the emptiness,

The numb don't feel, they are the liars.

This is the world that we'll never save,

An endless way to a grave.

Carnal cruelty

Rules the human world for ages.

Legal violence,

Evil, greed and sin.

Nothing's gonna change

Lest the pain becomes a lesson.

Bastards always need

Idiots to rule.

(Shame!) Provokes stagnation.

(Pain!) means emanation.

Everyone comes here to consume and live,

But nobody wants to go when it's high time to leave.

Heartless fuck the eyeless,

The deaf don't hear,

They just make believe...

Soulless rule the dumb and the vacant.

Facelesses run the emptiness,

The numb don't feel, they are the liars.

This is the world that we'll never save,

An endless way to a grave.

Pain! Pain! Pain! Pain!

Pain! Makes the order!
Pain! Makes the order!
Pain! Makes the order!
Pain! Makes the order!
Pain!!!
