(Towering, astounding)
There's a bug in the construct...
(Sift through stone to meet it again,
lo-end distorted molecules...)

(It's soothing and dead)
There's a nail in the palm...
(Stapled and shut, trampled and caught,
a blind onslaught)

(Flaking and faking)
There's a knife in the stomach...
(It overwhelms.
Giddiness is palpable.)

(16-bit corrosion)
There's a rocket to get high...
(A sub-machine gun
to fix a craving body)

Wild and soothing,
Ignited, impatient, completely unsheathed...
An obsession you cannot escape.
Once you taste it
And let it get into your craving inside
You'll be waiting and begging for more.

Do you want an invasion? (Yes!)
Do you wanna be breached? (Yes!)

(The shape is so perfect)
There's a frame with no window...
(The elect always suffer
a carnal exploitation)

(Bat around, but don't touch)
There's a cave with no gap...
(Pitched into circumstances,
pretending to be bended)

(Hotter and hotter)
There's a sea with no water...

(Wetter and wetter
Drown in holy water)

(Sure, you wanted it all)
Horsemen rose up their spears...
(It's the chase you provoked,
you run, but you wanna be caught).

Wild and soothing,
Ignited, impatient, completely unsheathed...
An obsession you cannot escape.
Once you taste it
And let it get into your craving inside
You'll be waiting and begging for more.

Shoot... me... down...
(don't wait, don't wait, just do it fucking right now)
With... your... warm... gun...
(don't wait, don't wait, just do it fucking right now)

You can't lie to yourself for so long
You can't play that self-destructive solo.
It's too indispensable to be thrown away,
It blows you up and leaves you a one single way.

That's only you, not someone else!
You're just nature, a human in distress,
Overwhelmed and running wild,
Hot concupiscence on your mind.

Do you want an invasion? (Yes!)
Do you wanna be breached? (Yes!)

Wild and soothing,
(Take it now, it's right in front of you)
Ignited, impatient, completely unsheathed...
(It's waiting for you)
An obsession you cannot escape.
(you never wanted to and sure you'll never will)
Once you taste it
(They're the sweetest secs, if you know what I mean)
And let it get into your craving inside
(you want it there)
You'll be waiting and begging for more.
(That's what you really want! That's what you really
need!)

All you need is a screw! X4

Call it wrong and immoral,
Call it shameful and lewd...

Once you taste it you'll love it
And keep begging for more...
