There's so much love to love
And too much hate to hate,
I'm tied and buried in this stuff
Among everything I've made.

I cling to things I'm fond of,
but barely they appear to be
forbidden and not good enough
for anyone to see...

But I will never mind
(what you feel at the moment)
I'll fight with eyes open wide.
(you can never take my soul away from me)

First you bite at me then try to drag me down,
I feel the coming of my darkest dusk that brings the
scarlet dawn.
Then you'll suck my blood and tear my heart away,
and when you kill me dead I'll hear you say
'We love you so much that we beg you to stay!'

(to stay...)

Millstones upon my breast
and windshields on my eyes.
I catch some hope and try my best
to struggle forward till it dies.

I know I've gotta take the fucking test
And loose myself in ugly lies.
Please let me take your bullets in the chest
I wanna see your eyes.

You'll never make me blind
(I'm gonna laugh when you try to)
I'll fight with eyes open wide.
(you can never take my soul away from me)

First you bite at me then try to drag me down,
I feel the coming of my darkest dusk that brings the
scarlet dawn.

Then you'll suck my blood and tear my heart away,
and when you kill me dead I'll hear you say
'We love you so much that we beg you to stay!'

You'll keep fucking and cursing
While I suffer and bleed.
I won't ask you for mercy,
I won't lay at your feet.

First you bite at me then try to drag me down,
I feel the coming of my darkest dusk that brings the
scarlet dawn.
Then you'll suck my blood and tear my heart away,
and when you kill me dead I'll hear you say
'We love you so much that we beg you to stay!'

This darkest dusk starts the bloody rehearsal
The scarlet dawn runs the deadly show.
This darkest dusk starts the final rehearsal
The scarlet dawn runs my final show.

Show...

My final show...
