Slow down...  
Slow down...  
Slow down...  
Slow down...

I want you know  
There's no remedy...  
There is no way  
To stop it when it comes,  
To shut the door and keep it away.

Take it easy,  
Take it in the heart...  
Take it like a bullet  
That kills if it doesn't heal.

Hear it coming,  
Then feel it inside...  
Fear it's coming  
But don't let it slip away...

Slow down...  
Slow down...  
Slow down...  
Slow down...

Slow down to somewhere  
Somehow but still never  
Nowhere  
Whenever you're here.  
Looking for no-one,  
Escaping the common.  
Someone  
Must have been the one.

The one

I want you know  
I'm the blast of wind,  
I'm the bitter and the sweet  
Don't stop me when I come,

Don't shut the door, don't leave me behind.

Take me sincerely,  
Take me in the heart...  
Take me like a bullet  
That kills if it doesn't heal.

Now it's coming,  
Feel it inside...  
Too late to run away,  
But the right time to stay...

Slow down...  
Slow down...  
Slow down...  
Slow down...

Too late to run away,  
But the right time to stay...

Slow down to somewhere  
Somehow but still never  
Nowhere  
Whenever your here.  
Looking for no-one,  
Escaping the common.  
Someone  
Must have been the one.

Someone must have been the only one...  
Someone must have been the only one...  
Someone must have been the only one...  
Someone must have been the one...
