Bleak, black, broken, blind
Iâ€™m tattered and torn with your tongue!

The remedyâ€™s unknown
â€™cause I canâ€™t forget what crashed my every bone â–
got nothing to cling to, got nothing to hold on!
Severityâ€™s an itch that keeps me outta the ditch.
Shit! Iâ€™m spineless and here on the road fucking
alone.

Bleak, black, broken, blind
Iâ€™m tattered and torn with your tongue [x3]
Bleak, black, broken, blind
Iâ€™m tattered and torn!

Somebody, give me the answer
How the fuck am I going to keep myself upright!

â€™twas a black bite when we touched,
when we started the hell, donâ€™t tell me you never
knew
weâ€™re decadent.
Too dark to let go, too close to loose, to say â€™noâ€™.
Your kiss and your push and your fuck
So weird and so malevolent.

I obeyed
When you caught hold of me.
Though afraid
Oh, god, I like it!
I canâ€™t wait
(lust-lit anatomy)
Till itâ€™s late
To dare to hate you!

You stamped me flat and pushed me down,
Caught hold of me without a sound.
Now after all
Dumb and numb like Iâ€™m a damaged doll
Iâ€™m scarcely able to crawl
Scattered around,
Iâ€™m spattered with your poisoned cum,

So I lie weeping aloud.

I fucking know that it's my fault
And though I'm scared and scarred again I melt with
ya
Seems like I'm always ready to be caught -
You keep me high till I die,
Till you're not lost till you're mine I feed your lust.

Bleak, black, broken, blind
I'm tattered and torn with your tongue [x3]
Bleak, black, broken, blind
I'm tattered and torn!

I obeyed
When you caught hold of me.
Though afraid
Oh, god, I like it!
I can't wait
(lust-lit anatomy)
Till it's late
To dare to hate you!

Without you I'm aching!
Quench my pain...
Take me whole, you're making
Me feel tamed...
Be sure I can take it —
You're my prey!
We're so linked we've only
Gotta stay.

I know you need me whole from coast to coast
And as for me now I see that you're the one I want the
most
Cling to me! I'm your only life!
Die for me! You're my single life!

Will you make me high till I die? Cling to me!
Will you make me high till I die? I'm your only life!
Will you make me high till I die? Die for me!
Will you make me high till I die? You're my single life!

My only life...
My only life...
My only life...
My only life...

Bleak, black, broken, blind... [x3]
Bleak, black, broken, blind
I'm tattered and torn!

I obeyed
When you caught hold of me.
Though afraid
Oh, god, I like it!
I can't wait
(lust-lit anatomy)
Till it's late
To dare to hate you!

Will you make me high till I die?
Blackened with your bite!
Will you make me high till I die?
A dark end starts now!
Will you make me high till I die?
Turn off my fright!
Will you make me high till I die?
Tattered with my light!
