ATOMIC SANDPIT

Straight ahead to the year 2000
We don't look back
and give a fuck 'bout the future
An empty space between life and death
We're not alive but at least not dead
Atomic warfare in the toy store
Judgment day on Christmas Eve
White light / white heat in the summer holidays
Life goes on or so say and if not
We will also find solutions
Ref.: 2000 years of culture (are) gonna be
destroyed
Dead world, cold sweat our time is running out
Our chances are low as we come down to the end of our future

One day - Definite silence will be
And one day - we're gonna be unchained and free
Atomic Sandpit
One day - Definite silence will be

Newspapers, television and the radio try to spread
panic but we can close our eyes, close our ears, close our minds
and say the threat's not real
They don't know that they're all wrong
As I leave the jungle and enter the city it's just the same
The gun in account into a department store
The party is gonna start

Ref.: 2000 years of culture (are) gonna be
destroyed
Dead world, cold sweat our time is running out
Our chances are low as we come down to the end of our future

One day - Definite silence will be
And one day - we're gonna be unchained and free
Atomic Sandpit
One day - Definite silence will be

This is Ray Kano the schizoid man
I'm the freak from the computer game 2x

Kill, yell, laugh - psychopath on the run 3x
Kill, yell, laugh - ain't it fun

Ref.: 2000 years of culture (are) gonna be
destroyed Dead world, cold sweat our time is running
out Our chances are low as we come down to the end of
our future

One day - Definite silence will be
And one day - we're gonna be unchained and free
Atomic Sandpit
One day - Definite silence will be
