life has no meaning to a fiend like myself
* "overturned, inside out
gasified, i'll fumigate"

my gruesome philisophy, rational anarchy
introverts hallucinations cognitue conjurations

"i rise upon the skies, on my wings of ivory
i am a god-machine, inorganic incendiary
i'll incinerate you all, and dominate your fall"

"this time is optimus, the moment of my exitus
throughout my death i'll live 'cause netherworld has so
much to give
i am a wizard king, brotherhood of forbidden sin
my wrath is upon thou, to death i'll take the now"

* i rise upon the tide of madness, illusions afflict joy or
sadness
i love to be a mental person it justifies my perversion
i'm on a journey through my sickness, to impale my

consciousness
proud to be
a part of this
insanity
daemons play with me...
