Away... Can't take me away... Can't take away!

**MotoLyrics** 

Getaway is the fucking road you choose To guide you through your fucking stupid life Set your eyes to your own life You cannot hide away from me You scaring fears are hunting you The place you're looking for ain't exist

Can't take me away You want to take me but you'll never be away from me My inner wishes will never set you free 'Cause I'm a part of you

Wherever you go I'll always be with you You're trying to hide yourself but you can't really escape You'd better face your fate and see That I was raised inside your mind I'm a kind of your creation Then I'll start my domination

You're just trying to hide away You cannot be away from me I'll be here inside your head I'll be here until you're gone

Take me away, take me now Can't take away, Can't take me away
