Well this one, Is for Kristoffer,
He never knew just why it came,
A second ??? and a one time lover,
The first of us to die with no name.
(x3)

Well this one, is for Kristoffer,
You need a straight face to keep it(/him?) sane,
Oh such a sudden change, such a sudden change...

For Kristoffer...
First of us to die with no name...
Such a sudden change...
For Kristoffer...
Oh such a sudden change, such a sudden change.

Well this one, is for Kristoffer,
He never knew just why it came,
A second ??? and a one time lover (one time lover),
The first of us to die with no name.

Well this one, is for Kristoffer,
he never knew just why it came,
A second ??? and a one time lover,
The first of us to die with no name...

Such a sudden change...
For Kristoffer...
Such a sudden change, first of us to die with no name...
Such a sudden change...
For Kristoffer...
Such a sudden change, such a sudden change...
For Kristoffer.....
For Kristoffer...
The first of us to die with no name.
