"Into The Night"

To all the times I doubted in my abilities
All the quorum all the lost possibilities
All the pride, all the lies, all the Billie Jeans
All the pies, all the fries, all the chili cheese
I gotta say peace, to the DVM my fetish for the pastries
No more shopping no more credit card on Maicy's
budget tight, I just get it down on Jay street
And bye bye to those cigarettes
That I walk around smoking like the living dead
Watch the man wash his hands till the river red
Last drag man think I rather live instead
Lonely swede in a strange land
Eyes don't lie so I hide 'em with the ray-ban
Free spirit man, never had a game plan
Fuck it I just took it as a king ,man

[Hook]

All those chances I
Saw just pass me by
One more glance and I

Disappear into the night
Disappear into the night

[Verse 2]

Bye bye, two fingers in the sky
To all the memories that linger in my mind
Depending on the images I see before my eyes
They could be middle ones or they could be peace
signs
I'm not that same dude that you once knew
That was just a pray lou now I'm brand new
Thought I was that cool cat puffing bamboo
Realized later that I was a damn fool
'Cause everybody has their phases
And all we need is just a little patience
I remember bumping beats in the basement
Promising myself that I never get complacent
But reminiscing is the deaf badge

Life is unpredictable like math tags
And I'm an old soul, on some fresh legs
And I'm just tryin' to put some goodies in a nas tag

[Hook x2]

All those chances I
Saw just pass me by
One more glance and I

Disappear into the night
Disappear into the night
