Get higher baby! Get higher baby!
Oh yeah! Ya better not shout, oh no
Are you ready to give it up?
It's a way of life my friend
You're like a kid again young dumb and free
And what you want you'll get, oh yeah
And everything one dreams to be I said
Becomes reality see,
"When you wish upon a star,
Makes no difference who you are.
Peter Pan was a man HOT DAMN
Flew through the sky to busy bizness land
But then the hook man controlled the plan
Took the pan man to minutia land
Makin everybody want the
Makin everybody want the
Tinker Bell Spell
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust

Don't be shy! you can ride
Seize the night the moment's right
intoxicate with the Tinker Bell Spell
The time real tick tock tick tock
Tick tock tick tock
Tick tock tick

Bustin through the atmosphere
Flying through the sky
Stop the worry, give up cotnrol
Life's too short to be so droll, oh yeah!
Be the bebe, give up the lie
How long has it been since you've played doctor?
Don't you think it's time you hop her?
Re-connect with your inner chillan
Have fun and spend the billion ching ching
"When you wish upon a star,
Makes no difference who you ."

Peter Pan was a man HOT DAMN

Flew through the sky to busy bizness land
But then the hook man controlled the plan
Took the pan man to minutiae land
Makin everybody want the
Makin everybody want the
Makin everybody want the
Tinker Bell Spell
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust

Peter Pan was a man HOT DAMN
Flew through the sky to Neva Neva Land
Fly boy with his tinker toy
You better not shout, the hook man's out
Peter Pan was a man HOT DAMN
Flew through the sky to busy bizness land
But then the hook man controlled the plan
Took the pan man to minutiae land
Makin everybody want the
Makin everybody want the
Makin everybody want the
Tinker Bell Spell
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust
All ya need is trust and a little bit of pixie dust
