you can't stop the cheetahs cause we're coming any way,
don't try to stop us cause we're here to stay.We are the cheetahs and we know that we're all that,we are the cheetahs and we'll bring it to the mat.
(chorus)

We are the cheetah girls,we can do anything.We are the cheetah girls and we know we can sing.

We are the cheetah girls,the cheetah girls,we can do anything in the world!

yo,yo,yo,we are the cheetahs and we know we're on the prowl,we gonna bring it up and down.The cheetahs now are gonna flow you know,we all now gonna blow.
(reapet chorus 1x).
