Sitting here thinking about yesterday  
How we shared a laugh and played  
How we celebrated oh my good news  
Just me and you  
Mmmm uuuuu

Black boy sits behind the cage  
Among so many friends end of days  
His true purpose is to show the world  
Its truce to his big ideas  
And sigh donâ€™t say another word  
He says and smile

Come along for the ride  
1,2,3,4,5 so many friends  
Come along for the ride

Laughter you can bring  
Say the first thing on your mind  
And feel so satisfied

Come along for the ride  
â€¦..on a joyride

Fridayâ€™s giving birth to Saturday  
And Sundayâ€™s left behind weâ€™ve sin  
Weâ€™ve been born again on our way to there  
If we ever make it there  
So many pretty lights in my eyes

Come along for the ride  
1,2,3,4,5 so many friends  
Come along for the ride

Do the wakin' just before  
the singer and the big man  
becomes history

Come along for the ride  
Come along for the ride  
Come along on a joyride
