All day with no nicotine
Is the reason I've been so mean
Oh baby forgive me for being the dick that I've been to
The children and you
All this caffeine in me
Is the reason I've been so mean
Oh honey forgive me for being the dick that I've been
to
The children and you
All day with no nicotine
Is the reason I've been so mean
Oh baby forgive me for being the dick that I've been to
The children and you
All this caffeine in me

Is the reason I've been so mean
Oh honey forgive me for being the dick that I've been
to
The children and you
All day with no nicotine
Is the reason I've been so mean
Oh baby forgive me for being the dick that I've been to
The children and you
All this caffeine in me
Is the reason I've been so mean
Oh honey forgive me for being the dick that I've been
to
The children and you
