"Up In The Treehouse"

Visit "[Up In The Treehouse](#)" on MotoLyrics.com

Hello my best friend
Do you remember everything
That we shared in the backyard
In the treehouse
In the spring time
Of our youth

Dream dream that's all I do
Dream dream about me and you

Hello my best friend
Do you ever stop and just think about
All the games we used to play with
We were growing
In the spring time
Of our youth

Dream dream that's all I do

Dream dream about me and you
Dream dream that's all I do
Dream dream about me and you

Hello my best friend
Do you ever stop and just think about
All the games we used to play with
We were growing
In the spring time
Of our youth

Dream dream that's all I do
Dream dream about me and you
Dream dream that's all I do
Dream dream about me and you
