I'm feeling like Nas in his prime  
Blow illmatic the game it's about to be mine  
The fast little .. you ever seen before  
I'm laughing at the .. and singing that I can blow  
Rap king finest giving .. tiniest  
Cause my money keep on multiplying  
Ain't your money so you call me young giant  
Little tiger .. on the mike  
But I ain't falling  
I walk in Atlantic like it's my time to walk  
Home king poster looking like they mind  
I know their T.I.'s But in my mind  
I'm the new king of the game  
Now watch me shine  
I'm about to run this thang  
So stay in the line  
My competition is the cavaliers without labron James  
Easy to be not even close  
I'm running the coast  
That B.I.G. used to promote  
Just give me the hope  
Cause we're gonna be the originators and innovators  
I'm on cash cow  
I be regenerating money like Vegas  
Respect what I'm talking about  
Doing big things but to put my own sneek out  
I know my uncle J looking down on me  
Waiting for the day game gone put the crown on me  
It's my career keep rising to the top  
I feel like Diddy but I'm Diggy  
Can't stop won't stop  
putting out heat rocks  
rising to de top been a long time coming like dre and  
detox  
Man like to be rock  
And you say New York city  
Keep your money rising to the top
