Home is a place  
Filled with love and affection  
A place filled with memories  
Of life, love, and family

And I'm telling you  
There is no place in the world like home

Open your eyes and dream of  
A place where there are no worries  
Or any doubt about my needs  
Love and values  
Based upon inner love and inner peace, yea

And I'm telling you  
There is no place in the world like home

Said it, won't you play it for me now

Do, do, do...

Tell me  
Show me the way back  
Show me the way back home  
Yeah, yeah, yeah, yeah

And I'm telling you  
There is no place in the world like home

Believe me when all else fails in life  
You can depend on home  
To always welcome you with the purest love  
And self assurance that only God blesses you with  
Home is where my heart will stay  
Home is home, will stay

And I'm telling you  
There is no place in the world like home  
And I'm telling you, telling you  
Telling you, telling you  
Telling you, telling you, ooh  
Telling you

There is no place in the world like home  
Home sweet home  
Yea, yeah, yeah  
Telling you  
There is no place in the world like home  
I'm I'm telling you  
There is no place in the world like, like home
