Can I touch you tonight, it ain't like your man round

my name is Cardan, ladies I keep you wet
I'm all about having fun, why I wanna see you stressed
your name Yvette, many baguettes on your neck
keepin you then in sex, bumping me and Keith Sweat
I wanna make the stuff that makes you blush, plus
shake your butt
even had the peoples dancing that be laying in the cut
you know how we rock, never 54 reeboks
I give you mean rocks plus whip the 3 drops, I want
it all so you say its my greedy day, tracks from Stevie J
get me open like 5 to see me gray, I never thought
that nobody could have me twisted like you boo
your crew storm, beep the horn, sippin on the Yohoo
let your hair out or you get out
if we touch tonight you make it hot
tomorrow we meet at your house

Chorus 2X
