Baby whatcha wanna do?  
Baby whatcha wanna do?

Boo, I know you're spoken for, but I adore you  
I'm making love to you every night  
In my mind there's fantasies of what I wanna do  
I can't wait I'm hungry

Hungry for a taste of love, your body's all I'm thinking  
of  
I won't say a word baby not a single word  
It'll be baby, baby just between you and me  
If you don't scream I won't scream

If you kiss me, I won't tell  
Suga, Suga, Suga, Suga, Suga  
I'll make you feel good, that's no damn lie  
Suga, Suga, Suga, Suga, Suga

If you kiss me, I won't tell  
Suga, Suga, Suga, Suga, Suga  
I'll make you feel good, that's no damn lie  
Suga, Suga, Suga, Suga, Suga

I won't tell nobody, don't say nothing, 'cause we don't  
have none  
Jump into the shower, let me soak you in my love  
It's about to be on, it's on, I've been waiting for this  
moment for so long  
Oh, word is bond, c'mon if you don't scream, then I  
won't scream

If you kiss me, I won't tell  
Suga, Suga, Suga, Suga, Suga  
I'll make you feel good, that's no damn lie  
Suga, Suga, Suga, Suga, Suga

If you kiss me, I won't tell  
Suga, Suga, Suga, Suga, Suga  
I'll make you feel good, that's no damn lie  
Suga, Suga, Suga, Suga, Suga

Sweet like candy, hot like wax  
Slow like honey, dripping down my back  
Sweet like candy, hot like wax  
Slow like honey, dripping down my back

Sweeter than candy  
Slow like honey, dripping down my back  
Hotter, hotter than wax

If you kiss me, I won't tell  
Suga, Suga, Suga, Suga, Suga  
I'll make you feel good, that's no damn lie  
Suga, Suga, Suga, Suga, Suga

If you kiss me, I won't tell  
Suga, Suga, Suga, Suga, Suga  
I'll make you feel good, that's no damn lie  
Suga, Suga, Suga, Suga, Suga

Sweet like candy, hot like wax  
Slow like honey, dripping down my back

If you kiss me, I won't tell  
Suga, Suga, Suga, Suga, Suga  
I'll make you feel good, that's no damn lie  
Suga, Suga, Suga, Suga, Suga

Sweet like candy, hot like wax  
Slow like honey, dripping down my back
