Hmm, hmm
Nigga listen

Today in the midst of this rocky storm, hmm
I sit and wonder
What went wrong oh, oh
My love had no limits
And my feeling never fade away
Every thing was the same old same

So don't you try to love me now
It's too late, it's too late
And don't you try to make things right
I won't wait, I can't wait

Now you made up your mind
To leave our love behind
And go on with your life, life
And now here we go again
It's too late, too late
Begging for another chance
Cause you convinced yourself
You can make it right, all right, oh no

I can't see myself giving you another chance
No, no
After that night you walked out on me
I never thought I'd love again
I never thought I'd love again

Boy it's over now
There's nothing left to say
The love that we shared
Has gone away, away
And love don't live here anymore
(It's too late, it's too late)
Cause in my heart I closed the door
And never will I let you back in, this is the end ooh

So don't you try to love me now
It's too late, it's too late
And don't you try to make things right

I won't wait, I can't wait

You don't know how I feel right now

Don't try, don't try

It's too late, it's too late

Gotta move on, cause it's the same old song

And I got better things to do with my life

Don't try, don't try

Won't wait, can't wait

I got to plant your seed

So just go on without me, yeah
