You done fucked up with this bitch  
Nigga lucked up with mama Warbucks  
Left you stuck with the cluck clucks  
No allowin', been down since the brown trench  
Chemically imbalanced, no sex and head Alice  
Keep it moving nigga, pronto  
Before you met me you was John Doe  
Tonto A.C. in a Bronco, secrets only I know  
Leave the premises lil' man you ain't paid for this  
Jerk off and reminisce, drop them keys, you ain't paid  
for shit

They call me boogie  
The way I love 'em and leave 'em  
Put some out, and deceive 'em  
'Cause player, you the naive one fucking with college  
chicks  
Or keep em ass bottom bitch  
Star like astrologist, so what the problem here  
No love loss, for a second played me Santa Claus  
Hurt like a man who lost maybe the shit you ran across  
Finessed it like the Lord, rock candy you can afford  
Manhood reassured, but you went overboard, what?

You cheat, you lie, you made me cry  
I don't really like this feeling  
Deprived me of sexual healing, oh no  
Stayed out all night, you creeped inside  
Acting like things is cool  
Trying to play me for your fool  
Now I'm gonna change the rules

Whatcha gonna do  
When I up and leave you  
Who's gonna bathe and feed you  
Whatcha gonna do when I'm taking no more  
When I change the locks to my door  
Whatcha gonna do when the well runs dry  
Where you gonna sleep tonight  
Whatcha gonna do, whatcha gonna do  
When I leave you

You're out time, can't change your mind  
Tell me why you made me do this  
Baby it was only a test and you failed  
No need to ask, you're free at last  
Now go on and have your fun  
Cause now Mr. Right one is the wrong one  
And now you are the gone one

Whatcha gonna do  
When I up and leave you  
Who's gonna bathe and feed you  
Whatcha gonna do when I'm taking no more  
When I change the locks to my door  
Whatcha gonna do when the well runs dry  
Where you gonna sleep tonight  
Whatcha gonna do, whatcha gonna do  
When I leave you

Tell me where you gonna go  
Cause I can't taking no more  
What you gonna do  
Now that we are through  
Where you gonna be  
Cause it won't be with me  
Whatcha gonna do, whatcha gonna do

You not the average chick, you got the runaway model  
I taught you how to use the glass instead of out the  
bottle  
Sip don't swallow, I lead while you follow  
Remember "I'm submissive to you daddy" was the  
motto  
I created the chemistry made it all official  
I kept it real withcha, down to the bone gristle  
Never dissin' you, missin' you, always with you  
Get you from the hair salon, people stare at the don

Whatcha gonna do  
When I up and leave you  
Who's gonna bathe and feed you  
Whatcha gonna do when I'm taking no more  
When I change the locks to my door  
Whatcha gonna do when the well runs dry  
Where you gonna sleep tonight  
Whatcha gonna do, whatcha gonna do  
When I leave you

Whatcha gonna do  
When I up and leave you  
Who's gonna bathe and feed you  
Whatcha gonna do when I'm taking no more

When I change the locks to my door  
Whatcha gonna do when the well runs dry  
Where you gonna sleep tonight  
Whatcha gonna do, whatcha gonna do  
When I leave you
