I'm so tired of living
Just for the, the fuck of it
Why, why, why, why, why, why?

I'm cold but I can't feel, help me
Oh, I'm walking but I got nowhere to go
Somebody help me
I'm looking for solutions

I'm so tired of living
Just for the, the fuck of it
Why, why, why, why, why, why?

What do you want from me
When you've taken all I had
What can I give to you
I can't even help myself

Here's what I'm gonna do
Take some time out just for me
And find serenity
I'm looking for solutions

I'm so tired of living
Just for the, the fuck of it
Why, why, why, why, why, why?

Searching for solutions

I'm so tired of living
Just for the, the fuck of it
Why, why, why, why, why, why?

Lately I think I'm close to the edge
(Gon' call the doctor)
I'm trying not to lose my head
(Gon' get my thing together)
Lately I think I'm close to the edge
(Gon' call my mother, oh)
I'm trying not to lose my head

I'm so tired of living

Just for the, the fuck of it
Why, why, why, why, why, why?
