Underneath a waxing funeral moon  
shines the light of darkness, black and cold  
slow and silent the end comes near  
as he appears to kiss her neck

In her sleep, so soft and deep,  
he steps towards her to touch her skin  
white like milk, soft and warm  
Only the unknown can see thy fate  
when evil comes near  
and darkness surrounds

Sleeping 'till death she dreams of blood

rain comes down, dark clouds inside  
she feels the teeth, a piercing pain, an awful heat  
Blood flows out of the wounds so deep

Her warmth drifts away  
the cold takes a part of her body  
Filled with her life she flies away into the night  
laughing and satisfied he leaves her place  
his hunger dies 'till another white virgin shall pay her  
price
