Hey there you....whats going on?  
I thought i told you I loved you  
I thought i told you that you were the one  
for me  
I guess you didn't hear me right  
Maybe i should say it again  
Chorus:  
I love you forever and ever  
I'm on my knees  
Begging you please  
forgive me  
I never wanted to hurt you  
You never really treated me right  
The you turn away  
and start talking to her  
You know i can't stand it  
When you treat me like that  
But i never thought it would have to  
End like this  
Chorus:  
You have lied to me so many-a-times  
And I'm hoping and praying that  
you won't go away!!!!  
  
Fine then  
Forget you  
I don't need to be treated like that  
But i have one more thing to say.....  
Chorus: (repeat 3x)
