[Intro]

Everybody...

Get on your feet.. right now...

For Roy Jones Jr....

The best pound for pound fighter in the world...

Whoever don't agree... ya know what?

I guess - y'all musta forgot! ...

[Roy Jones Jr.]

When they stole my gold medal in Seoul, Korea

Let's look back at my whole career

Cuz y'all musta forgot! ....

The "best pound for pound" is mine

Hit Percy Harris with four hooks at one time

Y'all musta forgot! ....

When I beat Bernard Hopkins, and won the IBF

The right was hurt, beat him with the left

Y'all musta forgot! ....

You remember the left hook that James Toney got

Sucka move that I stole from a gamecock

Y'all musta forgot! ....

Will there be another Roy Jones? Probably not

Stopped Virgil Hill with a body shot

See y'all musta forgot! ....

I got disqualified in March of '97

After givin a whippin to Montell Griffin

Late hit - my title; they had to take it

Why? I guess that's the only way I could lose

Five months later; rematch, I needs my crown

First round, one punch and he sat down

Don't get me mad cuz I'm amped already

Took titles from fighters who was champs already

The heart and soul of boxing on HBO

What these other fighters take me fo? A joke?

Ah y'all musta forgot! ....

And they got the nerve to say I ain't fight nobody

I just make 'em look like nobody

Y'all musta forgot! ....

And David Telasco, he really asked for it

So I beat him with a fractured wrist

See y'all musta forgot! .... (remember that...)

In the ring I BOX, there is none higher  
When I use these, they call me sire  
To earn my kindom, I must use fire  
and I won't stop boxing till I retire, I'm Roy...  
Y'all musta forgot! .... Y'all musta forgot!  
When I beat Reggie Johnson,  
and took his light heavyweight title from him  
See y'all musta forgot! That I'm nice with these  
Y'all musta forgot! This is what I do  
Y'all musta forgot!  
We could go on and on, Mike McCallum, Vinnie  
Pazienza  
See y'all musta forgot! .... Y'all musta forgot!  
Y'all musta forgot! .....
