I can tell by your face
That you're lookin' to find a place
To settle your mind
And reveal who you are

And you shouldn't be shy
For I'm not gonna try
To hurt you or heal you
Or steal your star

Open your eyes
Get up off your chair
There's so much to do
In the sunlight

Give up your secrets
And let down your hair
And sit with me
Here by the firelight

Why think all about
Who's gonna win out?
We'll make up our story
As we go along

There's so little time
For us to try to rhyme
And so many highways
To travel upon

Open your eyes
Get up off your chair
There's so much to do
In the sunlight

Give up your secrets
And let down your hair
And sit with me
Here by the firelight
