Yeah, yeah

Lately I've been thinking that I don't feel like I used to do  
I'm trying to keep my two feet on the ground  
Constantly surrounded, everywhere I turn I'm hounded  
People stop and stare and look me up and down

Now you shouldn't feel down from what everybody says  
And don't let it bother you if anybody stares  
'Cause you know that at times your people can be cruel  
Try to put you down, make you feel like a fool

But you got one shot, now don't you ever stop  
Keep your dreams high, keep reaching for the top  
'Cause you know and I know if they had the chance  
They'd be climbin' up on the stage tryin' to dance

C'mon, c'mon and get together  
Let's take a chance, it's now or never  
Spread the word over the nation  
That we are the new generation

C'mon, c'mon and get together  
Start living your life like it's forever  
Don't wanna stop if you're dreamin'  
Let everybody know what you're feeling

Yeah, yeah, yeah, yeah

Questions I can't answer, got me going 'round in circles  
Make me feel as though I'm losing self control  
It's feeling like a dream to me, I've lost the touch of reality  
But deep inside, I've searched with my soul

Now it's good to keep searching and bettering yourself  
But don't push too hard 'cause it's bad for your health  
And running 'round in circles will always get you dizzy  
And thinking too much, that will make your head busy

Just sit back and relax, you gotta chill  
I promise that all of your dreams will be fulfilled  
One day, if you keep on looking you'll find  
You just gotta go with your heart and your mind

C'mon, c'mon and get together  
Let's take a chance, it's now or never  
Spread the word over the nation  
That we are the new generation

C'mon, c'mon and get together  
Start living your life like it's forever  
Don't wanna stop if you're dreamin'  
Let everybody know what you're feeling

C'mon, c'mon and get together  
Let's take a chance, it's now or never  
Spread the word over the nation  
That we are the new generation

C'mon, c'mon and get together  
Start living your life like it's forever  
Don't wanna stop if you're dreamin'  
Let everybody know what you're feeling
