by Peter Tork

I'm gettin' in to your heart,
I'm gettin' in to your mind,
You'd better learn from the start,
You'll never leave me behind.
My love's surrounding you,
My love will be your shield,
Just take me in to your heart,
And all will be revealed.
Don't be scared to love me, darling,
I won't chain you down, you know,
My love sets you free for flying,
Hold me, kiss me, off you go.
I'll stay with you,
I'm gonna stay with you,
I'll stay with you,
I'm gonna stick with you, yeah.
I'm gettin' in to your heart,
I'm gettin' in to your mind,

You'd better learn from the start,
You'll never leave me behind.
I was given love like this,
It was a gift I pass to you,
You'll be happy when you get it,
I was when I got it, too,
I'll stay with you,
I'm gonna stay with you,
I'll stay with you,
I'm gonna stick with you, yeah.
I'm gettin' in to your heart,
I'm gettin' in to your mind,
You better learn from the start,
You'll never, never leave me behind, yeah.
I love you, baby, baby,
Love you everywhere,
Take me with you when you fly.
