There's a way
There's a way for you and I
If you'll just stay
If you'll just stay to keep me hidden from the day

And all its light
That's covered up by night when you're away
When you're away the image of your face is clear
It is clear across the room and I am here

Against the wall, afraid that it is all
Just a game

Just a game that's played in fun
But not too real
Not too real to take a chance on finding out

You've really lost
I can't see you clearly while I'm here
While I'm here and you are in my state of mind
My state of mind is changing places all the time

And I am lost
Trying to get across another time
When you're away the image of your face is clear
It is clear across the room and I am here

Against the wall, afraid that it is all
Just a game

Just a game
Just a game
Just a game
