There's a way, there's a way for you and I if you'll just stay,

If you'll just stay to keep me hidden from the day,  
And all its light that's covered up by night when you're away.

When you're away the image of your face is clear,  
It is clear across the room and I am here,  
Against the wall, afraid that it is all just a game.  
Just a game that's played in fun but not too real,  
Not too real to take a chance on finding out  
You've really lost, I can't see you clearly while I'm here.

While I'm here and you are in my state of mind,  
My state of mind is changing places all the time,  
And I am lost, trying to get across another time.  
When you're away the image of your face is clear,  
It is clear across the room and I am here,  
Against the wall, afraid that it is all just a game,

Just a game,  
Just a game,  
Just a game,  
Just a game,  
Just a game,  
Just a game,  
Just a game.  
fade out...
