If you're the girl that I know this, putting designs in my mind

Than you're more than welcome to my share of the sidewalk

If you're the chick I saw in the tall grass looking at someone

Through tinted blue glass

Than you're more than welcome to my share of the sidewalk

'Cause I've never been this close before

To someone who didn't seem to mind

I've never found hellos before, I've only found goodbyes

If you're the girl I met in my daydreams

Handing out flowers and chocolate ice cream

Than you're more than welcome to my share of the sidewalk

If you're the girl that I talked to and said do you mind if I love you

Than you're more than welcome to my share of the sidewalk

'Cause I've never been this close before

To someone who didn't seem to mind

I've never found hellos before, I've only found goodbyes

If you're the girl I met in my daydreams

Handing out flowers and chocolate ice cream

Than you're more than welcome to my share of the sidewalk

If you're the girl that I talked to and said do you mind if I love you

Than you're more than welcome to my share of the sidewalk
