You tell me that you've never been this way before,  
You tell me things I know that I've heard somewhere.  
You're standing in the places,  
And you're staring down through faces  
That bring to mind traces of a girl,  
A girl that I knew somewhere.  
I just can't put my finger on what it is,  
That says to me watch out don't believe her.  
I can't give any reasons, girl,  
My thoughts are bound down in a whirl,  
I just can't think who in the world was that girl,  
I know I met her somewhere.

Someway, somehow,  
The same thing was done,  
Someone, somewhere,  
Did me the same wrong.

So goodbye, dear, I just can't take this chance again,  
My fingers are still burning from the last time.  
And if your love was not a game,  
I only have myself to blame,  
That's as may be, I can't explain,  
Just ask the girl that I knew somewhere.  
And if your love was not a game,  
I only have myself to blame,  
That's as may be, I can't explain,  
Just ask the girl that I knew somewhere.
