by Michael Nesmith & Roger Atkins

Girl, you look mighty good to me,  
And I know that you got to be,  
The kind of girl I could love.  
You got the sweetest pair of eyes,  
And your kiss would be paradise,  
The kind of girl I could love.  
You do something to my soul  
That no one's ever done,  
If you're looking for true love,  
Then let me be the one.

Oh, girl, deep in my soul I'm sure,  
And my heart has no doubt that you're  
The kind of girl I could love.

SOLO

Hey, girl, you look mighty good to me,  
And I know that you got to be,  
The kind of girl I could love.  
The kind of girl I could love,  
The kind of girl I could love,  
The kind of girl I could love.  
fade out...
