You call my name, then you run for protection,  
I reach out to hold you but it's just your reflection,  
Through the looking glass.  
You've been looking at your life through a mirror,  
It's time you started seeing things a little bit clearer  
Than through the looking glass.  
Let me break through, girl,  
I still love you, girl.  
I think you love me by the way you come on, girl,  
Then I turn around for a minute, you're gone, girl,

Through the looking glass.  
Ah, I've got some things that I'm trying to show you,  
But you fade away, how can I get to know you,  
Through the looking glass.  
You're looking through me,  
Like you never knew me.  
Ah, you call my name, then you run for protection,  
I reach out to hold you but it's just your reflection,  
Through the looking glass.  
Ahhh, ahhh, ahhh, ahhh,  
Ahhh, ahhh, ahhh, ahhh.  
fade out...
