by Jack Keller & Diane Hilderbrand

She knows her mind, all right, your Auntie Grizelda  
She says she knows my kind, she might, maybe so  
Oh, yeah, she's raised you right, your Auntie Grizelda,  
You only know the things she wants you to know  
I know she's having a fit  
She doesn't like me a bit  
No bird of grace ever lit on Auntie Grizelda.  
You can't begrudge her style, your Auntie Grizelda  
She couldn't budge a smile and do it for free  
So righteous making fudge, your Auntie Grizelda  
So proper judging others over her tea  
You look just like her, you do

I know by looking at you  
That you've been listening to your Auntie Grizelda.  
SOLO (assorted sounds)  
Oh, no, don't look at me like Auntie Grizelda  
It takes much more to be someone of your own  
You've got to make it free from Auntie Grizelda  
Or just like her, you'll have to make it alone  
I know she's having a fit  
She doesn't like me a bit  
No bird of grace ever lit on Auntie Grizelda.  
Auntie Grizelda, Auntie Grizelda  
Auntie Grizelda, Auntie Grizelda  
Grizelda, Grizelda-da, da-da-da-da, da-Grizelda-da.  
(fade out)
