If you were an apple
I would take a bite
If you were a lemon
I would squeeze you tight

You're so good I've got to have you
You're so good that nothing else matters
You're so good
You're so good
You're so good for me

If you were a penny
You'd be good as good
If you were a snowball
I would love the cold

'Cause you're so good I've got to have you
You're so good that nothing else matters
You're so good
You're so good
You're so good
You're so good for me

If you were a candle
I would light your fire
And if you were hot labor
I would never tire

'Cause you're so good I've got to have you
You're so good that nothing else matters
You're so good
You're so good
You're so good
You're so good for me

You're so good
You're so good
You're so good
You're so good for me

You're So Good

1: If you were an apple, I would take a bite.
If you were a lemon, I would squeeze you tight.
CHORUS: You're so good I've got to have you.
You're so good, that nothing else a-matters.
You're so good, you're so good, you're so good for me.
2: If you were a penny, you'd be good as good.
A-if you were a snowball, I would a-love the cold.
CHORUS: 'Cause you're so good I've got to got to have
you.
You're so good that nothin' else a-matters.
You're so good, you're so good, you're so good,
You're so good for me.
3: If you were a candle, I would a-light your fire.
A-if you were hard labor, I would a-never tire.
CHORUS: 'Cause you're so good I've got to got to have
you.
You're so good that nothin' else a-matters.
You're so good, you're so good, you're so good,
You're so good for me.
You're so good for me.
You're so good, you're so good, you're so good for me.
