If you were an apple, I would take a bite
If you were a lemon, I would squeeze you tight
You're so good, I've got to have you
You're so good that nothing else matters
You're so good, you're so good, you're so good for me
If you were a penny, you'd be good as gold
If you were a snowball, I would love the cold
'Cause you're so good, I've got-got to have you
You're so good that nothing else matters
You're so good, you're so good, you're so good,
You're so good for me
If you were a candle, I would light your fire
And if you were hard labor, I would never tire
'Cause you're good, I've got-got to have you
You're so good that nothing else matters
You're so good, you're so good, you're so good
You're so good for me
You're so good for me
You're so good, you're so good, you're so good for me
