I feel the fire in my veins
Oh what a yearning
The Iron Curtains falling down
Lies don't last
The children long to see the light
Let's stand together
I'll break the wall with my bare hands
Freedom forever

Stand by my side let's march
God bless the martyr
Who leads us to victory
Once more
There's nothing holding us back
Freedom forever

There's an anger in my heart
Old Glory's burning
The soldiers shed their blood
for her
Freedom ain't free
All you in Congress can't you see
The answer's simple
Protect the family and its needs
We the people

Red White and Blue will never fade
Though the left try to bleed it
Oh to kill the unborn in the womb
It's desecration of life, c'mon
Help us fight it

Free Freedom is calling you
It's time to stop this lie
Free Freedom is calling you
Let's lift our voices high
Free Freedom is calling you
Look to the western sky
Free Freedom is calling you
Freedom will never die

Is life so dear or peace so sweet

As to be purchased at the
price of chains and slavery
Forbid it, oh, almighty God
I know not what course the others
may take
But as for me
Give me liberty or give me death
Oh how I regret
That I have only one life to give for my country
The eagle soaring high.
