"I Burn For You"

Do you remember when I held you
How we stayed awake
Do you remember when I kissed you
How it made you shake
Take a look back to the way it felt
Tell me it was wrong
It hurts me to say so
But yes if you wonder
For you I sing this song

Oh stroke of luck roll the dice
And I wish to make you mine
Hear me scream from my soul
Darlin' my cuts bleed you

Now I burn for you
Take this fire to your heart
Now I burn for you
Feel me rock you hard

Winds of change
Blow a reason to let go
Sing my song in vain
The rush of that feeling
All eyes are upon me
It helps to ease the pain
I owe it to you
You gave me the hunger
Now I'm up on stage
Now nothing matters
I'm killing me loudly
For you with sounds untamed

Oh touch of fate play roulette
Who am I to make you mine
Hear you scream out for more
Darlin' my wounds heal you

Now I burn for you
Take this fire to your heart
Now I burn for you
Feel me rock you hard

Now I burn for you
Pulled your arrow from my heart
Now I burn for you
Feel me rock you rock you hard

Onward and upward
Nothing will stop us
Now it's time to play
Full speed to victory
The evil is running
The dragon has been slayed

Oh wasted years and wasted tears
No more crying from my eyes
Feel the flame touch your heart
We were born to rock you

Now I burn for you
Take this fire to your heart
Now I burn for you
Feel me rock you hard
Now I burn for you
Shot your arrow in my heart
Now I burn for you
Feel me rock you rock you hard
