Tell me now tell me now  
What is it you're afraid of  
To be alive or to be dead  
When you look in the mirror what do you see  
Life is short like blood is red  
Don't you know some day you will be gone  
You got to change your evil ways  
You run around like you live forever  
What do I have to say

The casket is closing  
See the lid come down upon you  
Now hear the dirt falling on the wood  
So how could you ever hold your breath  
My friend your not dead  
Until you second death

Hear the wolf now as he's calling  
He wants you to join the pack  
Every night it's the same old song and dance  
Can't you tell that his wool is black  
The red rose that he is giving you  
Don't you know that it wilts away  
Do you want to be dead forever  
Don't kill your soul this way

The casket is closing  
See the lid come down upon you  
Now hear the dirt falling on the wood  
So how could you ever hold your breath  
Don't you know that the sun is soon to set on you  
Is your name in the book of life  
Or will you burn in the lake of fire and flames and  
death  
Your second death

See the light or face your second death
