

Defyance "Voices Within"

I feel hunger
Burn me deep inside
Thirst for heaven, take me home tonight

I hear evil
knocking at my door
Hellish demons, coming back for more

Give me life, bless me with your love
Father, give me the strength to carry on
If they claim my soul send an angel
Of light to break their hold
Hear the voices call, hear the voices within
Tell me who will win
Hear the voices call, let this battle begin
Oh this war of sin

Can you feel it is only me
Shroud of darkness keeps it from your reach
Touch the spirit and you'll understand
Look beyond the flesh
Child, take my hand

Don't be blind, I was sent for you
From above, now I've come to speak the truth
Soon your days will end
And this wisdom of life will see you through
Catch me if I fall

No let me go let me go
From this pit down below
With your flesh you'll release
These bonds and I'll be free

Now I know my destiny
Isn't all in vain
Those who hold the key to life
will tell you just the same
Just believe that is all
I gave my life for you
It doesn't matter what you've done
It's only what you do

Life is not a mystery
Crazy but it's true
What you sow you reap my friend
Now your heart is new
If you live your life for me
And you follow love
I will give you wisdom from heaven
up above

Oh come to me / come to me
Come to me / come to me
Take my hand / I'm your man
Understand I'm your man.
