"Wings Of Angels"

Time, the time has come my friend
to reach the zenith spread your wings and fly
Tonight the evil fades away
just you and I can hear the battle cry

Dreams, the dreams of all your life
are here and now
they're waiting to be found
Oh, and you can take it all away
So just believe the answer's in our sight

And what seemed like forever in a child's life
The endless longing can be worth its time
And you're soaring on the wings of angels
With their heart of steel the warrior will survive

And you're soaring on the wings of angels
Where the eagles dare to fly
Tears, the tears of joy they flow
the prince of angels claiming victory

Lies, the lies that blind your heart
The truth is waiting for your soul to see
Fools, the fools they fade to flames
I see a madness mixing with desire

Oh, and you, you know you're not like them
so take my hand, I pull you from the fire
Your shadows waiting cannot keep you from the starry
skies
Just break the chains and you'll fly up high
