I need you more than ever
now that you've went away
I promise you forever
if you would only stay

I'm thinkin' back to a time
when love was on our side
Now that the rose is wilted
the thorns begin to bite

I am lost without your love
I need your love

Now I can see
fragment of a shattered dream in flight
These broken wings
a songbird cannot sing

Without your love
I can feel the tears fall
Bring another day
and come back to my heart

The poet's words are empty
his rhyme is cold and vain
He signs of death and darkness
just for a fool's gold and fame

My wounds reveal a secret
that time cannot conceal
But if you'll touch my scars
I know they'd surely heal

All I need in life is love
your precious love

Tears in the rain
can you catch it when it's fallin' down
feel my pain
I am without shame

Without your love

I can feel the tears fall
Bring another day
and come back to my heart
Without your love
there's a shadow falling
As the sun burned out
cause I can't see tomorrow

I feel the edge of your blade
touch my heart
hear me scream
I'll never be the same
