"Your Love Lies"

I can feel an emotion burn
Deep in my heart again
And it's been such a long long time
Since we were ever more than friends
Every time that I see your face
It strikes up a melody
Every time that I feel your grace
Your memory keeps haunting me

Now I hear your heart, it's calling me
To be like the way we were
All I want is honesty
Is that too much to ask my girl
Deep in my heart your love lies

You gave yourself all to me
Now I don't want it
Now that I see what I see
A fallen angel
Bad love is easy to find
It's right before me
I'm tired of wasting my time
'Cause your love's a lie.

Now a new day is dawning and
This dark night is over
And the spell that you cast on me
with truth revealed has been broken
How I wish that I'd never seen
Your face or had touched your heart
Like a fool threw it all away
This one mistake puts me back at start

So now let the rain fall down on me
My barren soul's now a garden
You're the last thing I'll ever need
This foolish heart has been hardened

Out of my life your love lies

Out of my life your love lies
You gave yourself all to me

Now I don't want it
Now that I see what I see
A fallen angel
Bad love is easy to find
It's right before me
I'm tired of wasting my time
'Cause your love's a lie.
