Sagittarius, Virgo, maybe Scorpio
I wouldn't care if you were Aquarius
I'm still in love with you
As sure as you were born
You could be Gemini
Or even if you were a Capricorn
I could never let you go

Chorus:

Oh, I ain't going by those stars in the sky
I'm going by those stars in your eyes
And I love you
Oh, I don't need a second look
Cause you're what's happening in my book
And I love you

Taurus, Leo, Pisces
It makes no difference, girl
If you're in love with me

Oh, that's all I need to know
I will give all my heart and all my love
And I don't care about the stars
My love just grows and grows

Cause I ain't going by those stars in the sky
I'm going by those stars in your eyes
I don't give a heck about that old Zodiac
Because it's what's in your heart
Girl, that's where it's at and I love you
I need you, I need you
I don't need a second look
Cause you're what's happening
In my book
(Repeat)
