He takes all my money
You know I'm through with Buzz
Yes I'm through with Buzz,
All right, oh yeah, uh huh

He's not very funny
You know I'm through with Buzz
Yes I'm through with Buzz,
All right, oh yeah, uh huh

I remember when he stole my girl
Drug her all around the world
You know I'm cool, yes I feel alright
'Cept when I'm in my room and it's late at night

Maybe he's a fairy
You know I'm through with Buzz
Yes I'm through with Buzz
All right, oh yeah, uh huh, all right
