[Daddy-O]

I'm comin with the bomb, so watch me begin to explode  
and unload - like the Grand Funk Railroad  
Non-stop, like a Vette with a soft top  
It's ninety-three and I'm comin for my props  
And what better way than to bounce?  
So you can get paid by the pound; and more for the  
funkin ounce  
It's the Brooklyn sway  
And as I let the music play I wouldn't have it any other  
way  
And if it sounds like somethin you heard before  
it's all the more reason to get on the dance floor  
And rock with the play by play I announce  
of the Brooklyn Bounce

Chorus: {samples}

"This is the way.." "Brooklyn Bounce!"

[vocoder] Brooklyn Bounce

[Daddy-O] C'mon! This is the way, "Brooklyn Bounce!"

[vocoder] Brooklyn Bowwwouuunce

"This is the way.." "Brooklyn Bounce!"

[vocoder] Brooklyn Bounce!

[Daddy-O] C'mon! This is the way, "Brooklyn Bounce!"

[vocoder] Brooklyn Bowwwouuuouuunce

[Daddy-O]

I confess, to bein strung out on the funk  
Steamin up my trunk like a tank full of skunk  
Blowin down doors like a big bad wolf  
and like a magician says POOF!  
You see me dissapearin deep in the bush  
Crushin all cave-men; without an Operation PUSH  
but with the skills that the people call mad fat  
as I stalk like a saber-tooth cat  
with the sway, that makes you say,  
"Hey - Daddy-O's out of school today"  
And yeah I'm comin out to play  
with them hydrogen bombs and shit  
Ignitin MC's like the World Trade got hit  
And if it sounds like somethin you heard before

it's all the more reason to get on the dance floor  
And rock with the play by play I announce  
of the Brooklyn Bounce

Chorus + minor variations

[Daddy-O]

And I remember fightin fair with your fists in a fight  
But now I got a mac-one-one in the case with my mic  
Cause it's best to be safe than sorry kid  
Forget the funeral, I'll take the murder bid  
and make beats from inside like Slick Rick  
Might even do a duet, now that's some other shit  
But I gotta keep bouncin, that's my style  
so the Brooklyn crew can get buckwild  
and start treadin the party and lookin for vic's  
We see a lot of 'em - so who is gonna be my pick?  
Tight red dress, or will I make it tight black  
Have I seen you before - I say with no slack  
And if it sounds like somethin she heard before  
it's all the more reason to get on the dance floor  
And rock with the play by play I announce  
of the Brooklyn Bounce

Chorus w/o Daddy-O (2X)

"Go.. Brook-lyn!" (16X)
