Listen to me the last time
just let me say some words that burning my heart
I know what I did but I don't mean it
can you tell me how I can correct my fault

You couldn't see my tears as I wrote this song for you
I thought I could be without you but now I don't know
what to do

I let you go away as fast as you came into my life
How could I be so stupid how could I be so blind
I'm sorry that I treat you bad now I know that it hurts
Please give me a second chance ,cause I'm missing
your words

I can't say how much I regret it
I hope you do believe in what I say
I can't kiss your lips so all I can do
Is listen when they're speaking to me
