Now Iâ€™m lieing here alone feeling sad Â‘cause youâ€™re
not here
I canâ€™t hold your hand I donâ€™t understand
Why canâ€™t you lie down by my side so I can hold you in
my arms
Just for a moment but youâ€™re to far away

I lost my heart in a Chat-Room I got a telegramm of
love
Moon 10-79 will you ever be mine
Love online

We talked about for to hours now I canâ€™t get you out of
my mind
I you were here I would leave it all behind
If you come to germany I hope to hold you in my arms
I will never let you go again
I think of you every minute of every day
